

SGM-LEKTRA maintenance and calibration

0107

Servicies

After sale servicies

Ordinary and extraordinary maintenance, installation, staff training, spare parts, calibration and calibration for measuring instruments.

Product description

To keep your instruments efficient, routine maintenance and calibration are necessary operations. For the SGM-LEKTRA product family, we offer the service as indicated by the manufacturer: calibration/maintenance certificates will be issued together with the instrument.

Note: the maintenance / calibration service does not include any repairs or extraordinary interventions that are necessary during the inspection phase.

Buy this service (pay attention to select the correct product you purchased).

Complete the payment (by bank transfer, credit card or Paypal) or send us the order by e-mail.

Send us the instrument by insured courier to our offices:

Comastri Distribution S.r.l

Via Risorgimento 35/E, 40069 Zola Predosa (BO), Italy.
