Product description

For simple noise measurements.

The Optimus+ Yellow instruments are a range of state-of-the-art sound level meters. They are designed to meet the very latest standards for noise measurement instruments.

They have been purpose-designed for applications where only basic noise data is required, such as Sound Level (SPL) or Maximum Sound Level (Lmax).

Optimus+ Yellow can be easily upgraded to the Optimus+ Red or Green

Applications

Simple noise measurements

Alarm testing

Vehicle noise control

Noise ordinance

Why choose Optimus+ Yellow?

Measures everything you need simultaneously to save time

No complicated setup - just switch on, calibrate and start

Large full-color display so the data is easy to read

Lightweight, ergonomic design for ease-of-use

High performance guaranteed

Included accessories

User manual

Certificate of Calibration

USB data/power cable

NoiseTools software USB stick (requires B version of instrument to download measurements)

CR:514 Class 2 or CR:515 Class 1 acoustic calibrator

UA:237 90mm windshield

CK:300 carrying case

User manual and Certificates of Calibration

USB data/power cable and NoiseTools software USB stick (requires B version of instrument to download measurements)
