Ordinary and extraordinary maintenance, installation, staff training, spare parts, calibration and calibration for measuring instruments.

## Product description

The Testo 476 portable stroboscope offers high precision and stability with its dynamic setting dial. Equipped with a high-performance xenon flashlamp, it delivers intense light for clear visibility. The device boasts a powerful Li-Ion rechargeable battery that ensures at least 2 hours of continuous operation and features an extremely short flash duration ( $< 9 \mu\text{s}$ ). It comes in a carrying case and includes a charger with four adapters and a trigger signal connector. Ideal for detailed, accurate measurements in any setting.
