Servicies

After sale servicies

Ordinary and extraordinary maintenance, installation, staff training, spare parts, calibration and calibration for measuring instruments.

The prices could be not always up to date and they don't take into account any promotional sale on the e-commerce.

Product description

The Ara CO gas detector is an affordable, wearable personal safety device with a 24-month continuous operation lifespan. Designed for easy use with a single-button interface, it alerts workers when gas levels exceed safety thresholds. Ideal for site-wide safety, confined space access, plant turnaround processes, and emergency response.
