

Falco Diffused - Fixed VOC Gas Detector

0192

Servicies

After sale servicies

Ordinary and extraordinary maintenance, installation, staff training, spare parts, calibration and calibration for measuring instruments.

Product description

The Falco/Falco TAC device allows for quick maintenance with its externally located intrinsically safe sensor and dual certification, enabling operations in hazardous areas without interruptions. Capable of detecting a wide range of VOCs and Total Aromatic Compounds, it is ideal for safety monitoring in industrial settings.
