

SF6 Leakmate - Handheld leak detector

0049

Servicies

After sale servicies

Ordinary and extraordinary maintenance, installation, staff training, spare parts, calibration and calibration for measuring instruments.

Product description

The SF6 Leakmate is a portable, cost-effective, and highly sensitive SF6 leak detector, ideal for use in electrical panels. With features such as audio alarms, LED display, and an intelligent control system, the device automatically adapts to environmental changes and can detect leaks in contaminated areas.

It comes with a carrying case, sensor cap, water trap filter, and manual. Perfect for maintenance applications and monitoring SF6 levels.

General Features

| | | | |
|----------------------|---------------------------|--------------------|--|
| Dimensions | H:230 mm L:75 mm P:300 mm | Weight | 1,16 kg |
| Response time | Approximately 1 second | Temperature | -20 to 60 °C |
| Sensitivity | 1×10e-6 mbar l/s for SF6 | Allarme | Sound pitch proportionally follows leak rate |
| Detector | High voltage ionisation | Detector | High voltage ionisation |
